January-February 2009

Online Resources

UpToDate now available!! (PMH onsite access only)

Where is it? Library site (<http://library.cahs.health.wa.gov.au/>) > Search Databases

The screenshot shows the UpToDate website interface. At the top, there is a navigation bar with 'UpToDate ONLINE 16.3' on the left and 'Home | Contact us | About UpToDate' on the right. Below this is a green menu bar with three options: 'New Search', 'Patient Info', and 'What's New'. Two callout boxes point to these options: one for 'Patient Info' stating 'Provides patient education topics that clinicians can share with patients' and one for 'What's New' stating 'Provides a summary of the most important updates that have been added. See What's new in pediatrics for the latest paediatric updates'. Below the menu bar is a search area with a 'New Search:' label, a search input field, and 'Go' and 'Clear' buttons. A 'Drug Interactions' link is visible below the search field. At the bottom, there is a 'New Search Help' box with text: 'You may search on a single term, or on multiple terms at the same time. e.g. Treatment of hypertension in children.'

Resources of Interest

New Book!

Jones' Clinical Paediatric Surgery: Diagnosis and Management 6th edition, 2008

It provides paediatricians and surgeons with a straightforward and clear explanation of the surgical options available for the care of the paediatric patient. It applies a systematic approach to explain the role of surgery in treating childhood diseases. Throughout the book key subject areas are supported by case vignettes as well as high quality photographs and illustrations.

Seminars of Pediatric Surgery

Volume 17(4) November 2008 - Neonatal Surgery - the Care of the Surgical Neonate

Articles included:

- Contemporary postnatal surgical management strategies for congenital abdominal wall defects
- Esophageal atresia: the total care in a high-risk population
- Congenital diaphragmatic hernia: a modern day approach
- Necrotizing enterocolitis – bench to bedside: novel and emerging strategies
- Hirschsprung disease
- Metabolism and nutrition in the surgical neonate
- Stress and pain relief in the care of the surgical neonate
- The nursing care of the surgical neonate

How We Can Help You

eTOCS Service

Would you like to see the latest table of contents from your favourite journals?

eTOCS is a library service providing emailed tables of contents to staff. To register, email Ejournals@health.wa.gov.au with your nominated email address and the names of your journals and we will send the contents pages each time a new issue is published.

Literature searches

Having trouble with database searching?

Let us search for you. Contact the library on 9340 8464 or submit an online request from the PMH Library website > **Forms** > Request a Literature Search.

Need a book or an article?

If PMH library doesn't have the article or book you need, we can get it for you. Use the online request form from the PMH Library website > **Forms** > Request an article or book.
